## In This Issue: Motor Leads - To Splice or Not To Splice? It's No Question

### What Makes EPG Motor Leads So Reliable?

EPG SurePumps are manufactured using splice-free motor leads. Designed to provide years of moisture-free, safe and dependable service, each motor lead comes with a rubber grommet seal, jacketed cables, and a large grounding surface. Each EPG motor lead is subjected to, and must pass, thorough testing prior to shipping.

Every installed motor lead undergoes pressure testing at 150 PSI to insure that no potentially explosive gases can migrate through the cable jacket to the control panel. This process is unique to EPG, in comparison to other landfill pump manufacturers. In addition, the electrical integrity of each motor lead must pass a Megohmmeter ("Megger") test.

Each and every EPG SurePump features a pressure tested, splice-free motor lead to insure long life and uninterrupted service.

Nearly every non-EPG pump sent to us for evaluation, repair, or replacement is equipped with a pigtail motor lead spliced onto a length of motor lead cable. Spliced motor leads are very susceptible to failure when submerged in leachate.

If you have any questions about the information above, please call EPG at 1-800-443-7426.

### Industry Events

This list of events is updated each month. We will do our best to keep the list accurate when published.

**Sep 22-25 Kansas SWANA Conference**  
Wichita, KS (The Reich Co. Exhibiting)

**Sep 29-Oct 1 Iowa Solid Waste Conference**  
Coralville, IA (EPG Exhibiting)

**Sep 30-Oct 1 New Mexico Recycling & Solid Waste Conference**  
Santa Fe, NM (The Reich Co Exhibiting)

**Oct 14-15 Minnesota Water Resource Conference**  
St. Paul, MN (EPG Exhibiting)

**Oct 23-24 Arizona SWANA Vendor Showcase**  
Mesa, AZ (The Reich Co Exhibiting)

**Nov 5-7 Nebraska SWANA Joint Conference**  
Kearney, NE (The Reich Co Exhibiting)

**Dec 3-5 Minnesota Watershed Conference**  
Nisswa, MN (EPG Exhibiting)

**Feb 25-26 WI Integrated Resource Mgmt. Conference**  
Elkhart Lake, WI (EPG Exhibiting)

**Apr 30-May 1 Minnesota RAM/SWANA Conference**  
Prior Lake, MN (EPG Exhibiting)
