

# our Vertical Pumps Stand Up!

EPG SurePump™ is available with or without integrated level sensor

Suitable for:

- Landfill Gas Well Dewatering
- Leachate Collection
- Gas Condensate Removal
- Contaminated Liquids Recovery
- Other Aggressive Environments

EPG Companies Inc. specializes in the design and manufacture of landfill leachate pumps & controls, sump drainers, pneumatic pumps, remediation equipment, telemetry hardware and SCADA systems, biogas flares, odor & gas control, and other environmental and industrial products.

If you or someone you know might have interest in attending next year let us know at **1-800-443-7426** or [info@epgco.com](mailto:info@epgco.com) and we will contact you when info becomes available.

EPG will be attending several events over the next several months. We will update the [schedule](#) below in each newsletter.

As always, EPG welcomes your feedback. If you have any comments or questions, feel free to contact us at [info1@epgco.com](mailto:info1@epgco.com).

Sincerely,  
EPG Companies Inc.

## EPG Quick Tip - Eliminating Trapped Air

If air is trapped in your discharge pipeline, your pumps are working harder to overcome air pockets and move the liquid. When air enters the system, it accumulates into air pockets. Without preventative measures, these air pockets create air lock, line surges and other adverse conditions leading to increased maintenance, repair and/or excessive operating expenses.

Some simple and inexpensive solutions include:

**Air Release Valves** - These have a float and linkage mechanism that senses and releases air under pressure but it is usually limited to the amount of air it can admit and exhaust.

**Air/Vacuum Valves** - These exhaust air during pipeline filling/start-up via a float that rises with liquid level. In addition, if a pressure loss or vacuum condition occurs, the float will drop and air will be admitted into the pipeline.

**Combination Air Valves** - These combine the function of both the Air Release and the Air/Vacuum valve. We recommend using this air valve because it contains an air release orifice and a vacuum port in one assembly and, unlike the other valves; it can be used at high points and at any point in the pipeline system, providing added air release and protection.

Questions? Call EPG at **1-800-443-7426** for more information.

## 2015 NY Federation Spring Conference and Trade Show May 3-6, 2015

EPG will be exhibiting at the 2015 NY Federation Spring Conference and Trade Show in Bolton Landing, NY.

This annual event hosted by The NY Federation Of Solid Waste Associations is a terrific opportunity for EPG to meet landfill managers, technicians, and environmental engineers in the region. Look us up at booth #146 and share your experiences and challenges as you improve operations and design of your landfill and environmental applications.

Visit the [FNYSWA website](#) to learn more.

## 2015 WASTECON® Conference August 24-27, 2015

SWANA's 53rd Annual WASTECON® conference will take place in Orlando, Florida, from August 24-27, 2015.

WASTECON® is the premier solid waste industry-focused conference that brings you the latest news, education, advancements and products to help you achieve success in your business, all in one setting.

You can visit EPG at booth #1019 and ask us about our complete product line including electric and pneumatic pumps, controls, accessories, flares, remediation, and more.

Visit the [WASTECON website](#) to learn more.

## Upcoming Events

EPG will have representation at the following SWANA and industry related events:

April 28-30	<b><u>WBPC - 2015 Williston Basin Petroleum Conference</u></b> <i>Regina, SK Canada (Zirco Exhibiting)</i>
May 3-6	<b><u>New York Federation of Solid Waste Show</u></b> <i>Bolton Landing - Lake George, NY (EPG and Lee Supply Exhibiting)</i>
May 5-7	<b><u>MsSWANA - Magnolis Chapter</u></b> <i>(Reich Co. Exhibiting)</i>
June 9-11	<b><u>Global Petroleum Show</u></b> <i>Calgary, AB Canada (Zirco Exhibiting)</i>
August 24-27	<b><u>SWANA's WASTECON</u></b> <i>Orlando, FL (EPG Exhibiting)</i>
