

EPG News & Updates

In this edition of the EPG Connection newsletter we feature Viridian America's new VP2, a 2" Environmental Pneumatic Pump with all the features of the popular VP4 series in a smaller package.

We are also proud to highlight one of our esteemed partners, **Zirco, LTD.** of Canada. They will be representing EPG at the 2016 SWANA Northern Lights Chapter Conference May 11-13 in Calgary.

Special thanks to all who attended EPG's 2016 Service School. We hope your time here was enjoyable and that you found the information and experience beneficial to your growth as an industry professional.

VP2 - 2 Inch Environmental Pump

Viridian America's new VP2 2" Environmental Pneumatic Pump with all the features of the popular VP4 series in a smaller package is here! Available as both a bottom loading or top loading pump.

The VP2, while perfectly suitable for pumping harsh landfill leachate and gas condensate, is even more at home for use in groundwater and remediation pumping applications.

Features:

- 1.7 GPM @ 2 feet of submergence
- Bottom or top inlet configurations
- Manufactured with 316 SS components
- Ultra-durable epoxy resin fiber-glass casing
- Quick and easy disassembly for routine cleaning and maintenance.

Consult with an Applications Specialist at 1-800-443-7426 or email us at info1@epgco.com for more information about Viridian America Environmental Pneumatic Pumps.

SWANA Northern Lights Chapter Conference May 11-13, 2016

2016 SWANA Northern Lights Chapter May 11-13 will be held in Calgary AB Canada.

EPG will be represented by ZIRCO LTD. at the conference and will be on hand to discuss your current and upcoming application opportunities and discuss the unique challenges faced by landfills today. They will be available to share their experience and first hand knowledge about EPG's submersible electric and pneumatic pumps, controls, and accessories.

We are very fortunate this year to have **Mr. Chris Riddle** of EPG presenting a paper on "21st Century Landfill Technology: Telemetry, Automation, and Alternative Power Sources" on Friday May 13th between 8:15 and 9:45 Landfill Session 3B.

*Your Instrumentation and
Environmental Solution Specialists*

ZIRCO has been providing Instrumentation and Environmental solutions to the Oil and Gas, Petrochemical, Landfill, and Frac Fluid Pumping Systems since 1983. ZIRCO specializes in emission control products like Thief Hatches, Pressure/Vacuum Relief Vents, Emergency Pressure Relief Vents, Flame Arrestors from Standard In-Line through Detonation Arrestors, as well as Flame Arrested Burners and Burner Management Systems.

Whether you are controlling an interface, determining percent water cut measurement, performing a moisture analysis, ppm Oil in Water measurement for process control or disposal applications, BTEX elimination, or Bolt On Heating Systems we have your Instrumentation Equipment Solution

Visit the [ZIRCO](http://www.zirco.com) website to learn more.

Upcoming Events

EPG will have representation at the following SWANA and industry related events:

May 11-13	Northern Lights Chapter 2016 Conference (Zirco Exhibiting - EPG Presenting)
May 15-18	New York Federation of Solid Waste Show Bolton Landing - Lake George, NY (EPG and Lee Supply Exhibiting)
May 17-19	Mississippi Magnolia Spring Conference Biloxi, MS (The Reich Co. - EPG Presenting)
August 22-25	SWANA's WASTECON 2016 Indianapolis, IN (EPG & Viridian America Exhibiting)

EPG Companies Inc. specializes in the design and manufacture of landfill leachate pumps & controls, sump drainers, remediation equipment, telemetry hardware and SCADA systems, Odor & Gas Control, and other environmental and industrial products.

As always, EPG welcomes your feedback. If you have any comments or questions, feel free to contact us at info1@epgco.com.
