## EPG News & Updates

**EPG's Service School** is right around the corner. We still have several spots available for both the Pumps & Controls Class and the Advanced Class this April. See more details below.

**The Reich Co.** will be exhibiting and representing EPG at several conferences this year including Louisiana, Texas and Mississippi SWANA events. More info about The Reich Co. and conference details can be found below.

### EPG Service School Reminder

Be sure to submit your registration for EPG's 2016 Service School coming up this April. These classes are applicable for all who are involved with the design, maintenance, and/or installation of Liquid or Gas Handling Systems, Remediation Systems and/or SCADA and Data Acquisition Systems.

EPG's on-site classroom includes live control panels allowing students to get hands-on experience programming level and flow meters, component installation, and troubleshooting. In addition, each student has the opportunity to tear down and rebuild an EPG SurePump, providing invaluable knowledge for use in the field. We believe EPG's Service School offers a unique learning environment, unmatched in our industry.

Pumps & Controls Class (24 spaces) April 11-13, 2016

Advanced Class (12 spaces) April 13-15, 2016

*\* Receive up to 10 Continuing Education Units through SWANA (Solid Waste Association of North America)*

### The Reich Company, Inc.

The Reich Company, Inc. of Texas has represented EPG in the southern United States (TX, OK, LA, AR, MS, NM) for nearly 20 years. Through their experience Reich believes that EPG designs and manufactures the best landfill leachate pumping system available.

Reich understands the importance of proper installation and maintenance and works with reputable local EPG trained service companies to insure that customers' equipment is installed and maintained properly.

Additionally, Reich wants to work for the customer and requests that if you need support for your EPG equipment that you call them first to assist you in working with the factory.

If you are in a geographic area where Reich markets for EPG, please call them toll-free at 888-502-7756 so that they may assist you with any aspect of your EPG products. They also specialize in environmental products for Air Treatment, Wastewater & Water, Process Equipment, Leachate Treatment, and Remediation.
