Global Waste Management Symposium

About Lee Supply

EPG Sales Reps

Upcoming Events

Reminder: EPG and **Lee Supply** will be at the Global Waste Management Symposium later this month. If you're in attendance please stop by!

EPG has the experience, knowledge, and resources to help guide you from the design phase and bid process to the final sale and beyond. If you have a challenging situation on your hands, let an EPG Applications Specialist or Sales Rep guide you to a solution that's right for you.

Support is always just a phone call away and our nationwide network of **sales representatives** (listed below) and **landfill service providers** strengthens our ability to support the needs and challenges of industry professionals coast to coast and around the world.

2016 Global Waste Management Symposium

EPG and Lee Supply will be sharing space at the upcoming 2016 Global Waste Management Symposium. Representatives will be on-hand offering product and design solutions for your landfill and environmental applications including pumps & controls for leachate and condensate removal, flares for landfill gas management, and much more.

To learn more about attending check out their [attendee brochure](#) or visit the website at www.wastesymposium.com.

WHEN: January 31-February 3, 2016

WHERE: Hyatt Regency Indian Wells Resort & Spa - Indian Wells, California

About Lee Supply

Since 1954, Lee Supply Company has been a leader in the sale and installation of pipe and pumping systems. They are the HDPE Specialists and provider of choice to many municipalities, construction companies, mines and environmental operations. Their expertise and trained staff make Lee Supply a great choice when seeking solutions for traditional applications like water distribution, sewage services, horizontal directional drilling, slip lining, and leachate and methane collection.

From renting equipment to design and installation of complete, state-of-the-art systems, they can help. Lee Supply's services include custom design, fabrication, and installation; start-up assistance; system testing and programming; training; preventative maintenance; repairs; sales, service and rental of equipment; and expedited delivery of products and parts. From the initial inquiry to the maintenance of your system after it's up and running, Lee Supply works with you.
