

# EPG Connection

Your Resource for Landfill, Environmental, and Industrial Solutions!

November 2016  
ISSUE NO. 76

www.epgco.com  
1-800-443-7426

The Holiday Season is upon us and we'd like to take this opportunity to wish you a Happy Thanksgiving from all of us at EPG!

#### EPG's office will be closed on the following days:

Nov. 24 and 25 (Thanksgiving Holiday)  
Dec. 23 and 26 (Christmas Holiday)  
Dec. 30 and Jan. 2 (New Years Holiday)

**In this issue:** Engineering Minnesota Magazine published an article about the coordinated efforts of Houston Engineering and the Rice Creek Watershed District to improve environmental effects of runoff on lakes in a Twin Cities area community and how EPG played a vital role.

**Conference News:** We are exhibiting at the Florida Remediation Conference, and NGWA Groundwater Week. [Details below.](#)

Thanks for reading and have a great day!

## News

Last month EPG was featured in an article in Engineering Minnesota, a regional magazine focused on professional engineers and the industries they serve. Below is an excerpt from the article and a link to read the entire article:

*Kyle Axtell, a project manager with RCWD; "The district is looking forward to being able to improve water quality in our lakes," he said. The project represents a substantial team effort. In addition to Houston Engineering and the Rice Creek Watershed District, Maple Grove-based EPG Companies is also connected to the effort by providing equipment such as pumps, sensors and controls.*

Thanks to Jim Meusey for spending some time with our staff and sharing his thoughts.
