EPG Connection Newsletter

In this edition of the **EPG Connection** newsletter we are highlighting EPG's full line of **Flares for Odor Control & Fugitive Gas**, previewing our presence at the **SWANA Landfill Gas & Biogas Symposium**, and updating our **2018 Conference Schedule**.

**SWANA's
41st Annual
Landfill Gas
& Biogas
Symposium**

Thanks for reading and have a great day!

2018 Service School - Register Today!

EPG's Service School is approaching and we have a few spaces still available.

Our focus: Sharing pumps & controls knowledge, practical skills, observations and experiences from the field, and best practices to help you improve your operations and maintenance programs at your site. Meet industry peers and increase your value as a landfill professional.

SWANA members receive 20 CEU's (Continuing Education Units).

When: April 10-13, 2018

Where: Maple Grove, MN

Cost: \$1395 (includes 4 nights hotel, meals, and class supplies)

LTL Biogas Flares

LTL Biogas Flares are widely used for odor and emission control when vacuum assist is required, such as cap vents, leachate stations, or from gas outbreaks at the surface of active or closed landfill cells.

These units are ruggedly constructed for long life and feature solar-powered continuous ignition with very low maintenance requirements. Skid and trailer mounting options are available to adapt to any situation.

Standard Flare Features:

- Easy Assembly and Maintenance with Pivoting Column Design
- Solar or Line Powered Electronic Ignition - LPG Flame Pilot Also Available
- 5-750 SCFM Biogas Combustion Capacities
- Excellent Combustion Efficiency
- High Temperature Thermocouple with Programmable Data Logger
- Low Pressure, Easy Cleaning Flame Arrester Constructed with Aluminum Body and 304 Stainless Steel Internals
- Carbon Steel Riser Pipe
- Hot Dip Galvanized
- Skid or Trailer Mounted; Easily Portable
- Complies with 40 CFR 60.18

Solar Spark® Passive Vent Flares

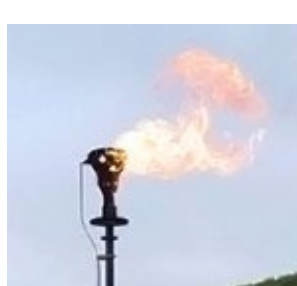

Solar Spark® Vent Flares are widely used for odor and emission control at passive outlets, such as cap vents, leachate stations, or from gas outbreaks at the surface of active or closed landfill cells.

Solar Spark® Vent Flares are typically used on landfill gas vents, wells, or leachate system cleanout lines to combust flammable gases. Solar Spark® Vent Flares combust flammable gases at low ambient pressure without the need for blowers or external power.

Standard Flare Features:

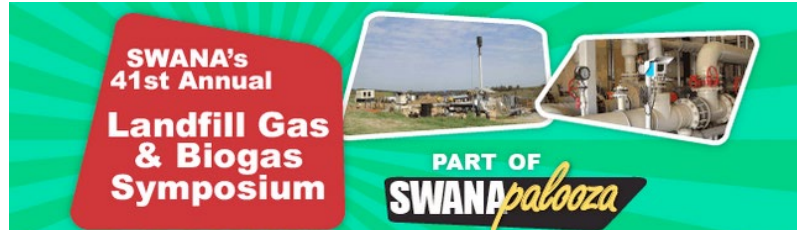

- All Weather Stainless Steel Spark-Pilot
- Solar-Powered Continuous Ignition System, 6-Volt Or 12-Volt
- Stainless Steel Ball Valve
- Inline Flame Arrester
- 2-90 SCFM or 5-140 SCFM Flow Rates

SWANA Landfill Gas Symposium

EPG Companies Inc. will be exhibiting at SWANA's 2018 Landfill Gas Symposium in Reno, NV March 5-7.

EPG Applications Specialists will be on-hand to listen, offer guidance, and answer questions about your current and upcoming applications & installations as well as provide insight regarding our leachate pumps & controls, accessories, biogas flares, and odor & gas control.

Viridian America will also be exhibiting and sharing info about the reliable and economical line-up of **VP Series Pneumatic Pumps**. Stop and say hello!

You can find EPG Companies Inc. and Viridian America at booth #225.

[Visit SWANA's LFG Symposium website to learn more.](#)

Upcoming Events

EPG will have representation at the following SWANA and industry related events:

Feb 28- Mar 2	Wisconsin Integrated Resource Management Conference <i>Elkhart, WI (EPG Exhibiting)</i>
Mar 5-7	Landfill Gas and Biogas Symposium <i>Denver, CO (EPG/Viridian America Exhibiting)</i>
Mar 14-16	Louisiana Solid Waste Association (LSWA) <i>Lafayette, LA (The Reich Co. Exhibiting)</i>
April 10-13	2018 EPG Service School <i>Maple Grove, MN</i>
April 16-18	TxSWANA Conference <i>Denton, TX (The Reich Co. Exhibiting)</i>
May 15-17	MsSWANA Conference <i>Bay St. Louis, MS (The Reich Co. Exhibiting)</i>
May 20-23	New York Federation of Solid Waste Show <i>Bolton Landing - Lake George, NY (EPG and Lee Supply Exhibiting)</i>
July 15-17	Missouri Waste Control Coalition (MWCC) <i>Lake Ozark, MO (The Reich Co. Exhibiting)</i>
Aug 22-25	WASTECON <i>Nashville, TN (EPG/Viridian America Exhibiting)</i>

EPG Companies Inc. specializes in the design and manufacture of landfill leachate pumps & controls, sump drainers, remediation equipment, telemetry hardware and SCADA systems, Odor & Gas Control, and other environmental and industrial products.

As always, EPG welcomes your feedback. If you have any comments or questions, feel free to contact us at info1@epgco.com.
