

# Happy Thanksgiving from EPG!

Hurry up Kevin!  
It's almost here!!

## Company News

EPG was privileged to be part of a recent implementation of an **Iron-Enhanced Sand Filter** system (IESF) used to reduce phosphorous from stormwater runoff, improving area lake and creek water quality and flood management for our neighboring community of New Brighton. This project was spear headed by The Rice Creek Watershed District (RCWD). [Click Here](#) to read more about the project.

Contact EPG to learn how we can support your IESF system with Pumps & Controls integration.

## Holiday Hours

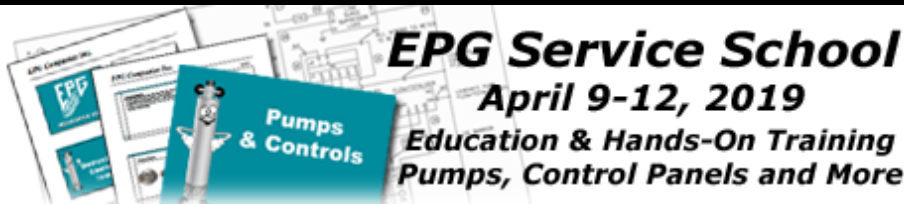

The Holiday Season is upon us and we'd like to take this opportunity to wish you a Happy Thanksgiving from all of us at EPG!

### EPG's office will be closed on the following days:

- Nov. 22 and 23 (Thanksgiving Holiday)
- Dec. 24 and 25 (Christmas Holiday)
- Dec. 31 and Jan. 1 (New Years Holiday)

## Training

For 20 years, EPG has served over 500 attendees in a small group setting. Our education and training classes are suitable for those involved with the design, operation, maintenance, and/or installation of Leachate, Liquid, or Gas Handling Systems.

Event: 2019 Service School  
Date: April 9-12, 2019  
Location: Maple Grove, MN

Includes classroom discussion, presentations, hands-on training, networking opportunities, meals, lodging (4 nights included in the registration fee), test meter, instruction manuals, and 20 SWANA CEUs.
