

Company News

EPG is proud to announce **Master Level Controls Co.** has become a division of EPG Companies. The same knowledgeable staff that has serviced you and your Municipal Water Systems since 1948 has joined with EPG's office support, application specialists, application engineers, design engineers, production personnel and designers.

For reliable, time-tested pump controls for your Municipal Water Systems, think Master Level Controls!

We are also pleased to announce **Lewis (Lew) Deisler** will be representing EPG in Michigan and Indiana. Lew is taking over area sales for Matt Prosoli (Pumps Plus) and has worked with Matt and EPG for the past 15+ years.

Thanks to Matt for serving EPG customers for so many years. Enjoy retirement!

Thank you for your past business and hope to hear from you soon.

We're not moving, we're expanding!

Thanks to the loyalty and trust our customers have shown over the years, EPG is growing. So much so that we are adding an additional 12,000 sq. foot facility we call Building #2 (just down the road) to our existing 18,000 sq. foot headquarters. This will allow us to continue to serve our EPG, Viridian America, LTL Biogas, and Master Level Controls customers even better!

Training

EPG Service School
April 9-12, 2019
Education & Hands-On Training
