

The EPG Connection

Your Resource for Landfill, Environmental, and Industrial Solutions!

September 2018

Issue No. 98

EPG's Service School includes classroom discussion, presentations, hands-on training, networking opportunities, meals, lodging (4 nights included in the registration fee), test meter, instruction manuals, and 20 SWANA CEUs.

Date: April 9-12, 2019

Location: Maple Grove, MN

Comprehensive Training

EPG Service School is a 4 day class where experienced specialists guide you from basic electrical and pumping concepts to advanced techniques for operation, troubleshooting, and maintenance of pumps & controls systems.

Practical Topics & Discussion

Learn why you need a good ground and how to achieve it. Understand the impact landfill gas can have on operations & equipment integrity and how to mitigate those effects. You'll also have an opportunity to exchange ideas and experiences with your peers!

Valuable Hands-On Time

Live control panels allow you to program level & flow meters and install & troubleshoot components. You will also tear down and rebuild electric and pneumatic pumps to help you gain an advantage when performing your duties in the field.

Topics Include:

Use of Test Meters
 Motor & Electricity Basics
 Level & Flow Meters
 Pump Basics
 Pump Controllers

Control Panels
 Installation & Start-Up
 Operations & Maintenance
 Grounding
 Safety Issues

Telemetry
 Arc Flash/SCCR/PPE
 Flare Maintenance
 Pneumatic Pumps
 The Effects of Landfill Gas

For 20 years, EPG has served over 500 attendees in a small group setting. Our education and training classes are suitable for those involved with the design, maintenance, and/or installation of Liquid or Gas Handling Systems.
