

# The EPG Connection

Your Resource for Landfill, Environmental, and Industrial Solutions!

October 2019

Issue No. 111

## In This Issue:

**EPG @ Wastecon 2019**

**Training - EPG 2020 Service School**

**October 21-24, 2019  
Phoenix, Arizona**

#WASTECON

WASTECON.org

EPG is exhibiting at Wastecon in Phoenix. Our Applications Specialists will be on-hand to answer questions about your current and upcoming applications & installations.

Find out why the SurePump is the most reliable submersible electric landfill pump on the market and what makes our Pump Master UL control panels safe and dependable.

**You can find EPG Companies Inc. at booth #519.**

Viridian America VP Series Pneumatic Pumps will be featured along with the SurePump.

Stop by, say hello, and find out what makes the Viridian America Pump the better, smarter choice!

## Training

### EPG Pumps & Controls Service School April 21-24, 2020 - Maple Grove, MN

EPG's Service School includes classroom discussion, presentations, hands-on training, networking opportunities, meals, lodging (4 nights included in the registration fee), test meter, instruction manuals, and 20 SWANA CEUs.

#### Comprehensive Training

EPG Service School is a 4 day class where experienced specialists guide you from basic electrical and pumping concepts to advanced techniques for operation, troubleshooting, and maintenance of pumps & controls systems.

#### Practical Topics & Discussion

Learn why you need a good ground and how to achieve it. Understand the impact landfill gas can have on operations & equipment integrity and how to mitigate those effects. You'll also have an opportunity to exchange ideas and experiences with your peers!

#### Valuable Hands-On Time

Live control panels allow you to program level & flow meters and install & troubleshoot components. You will also tear down and rebuild electric and pneumatic pumps to help you gain an advantage when performing your duties in the field.

[Click To Learn More or Register](#)

#### Topics Include:

Use of Test Meters  
Motor & Electricity Basics  
Level & Flow Meters  
Pump Basics  
Pump Controllers

Control Panels  
Installation & Start-Up  
Operations & Maintenance  
Grounding  
Safety Issues

Telemetry  
Arc Flash/SCCR/PPE  
Flare Maintenance  
Pneumatic Pumps  
The Effects of Landfill Gas

For more than 20 years, EPG has served over 500 attendees in a small group setting. Our education and training classes are suitable for those involved with the design, maintenance, and/or installation of Liquid or Gas Handling Systems.

Questions? Call EPG at **1-800-443-7426** for more information.
