EPG Pumps & Controls Service School

April 21-24, 2020 - Maple Grove, MN

EPG's Service School includes classroom discussion, presentations, hands-on training, networking opportunities, meals, lodging (4 nights included in the registration fee), test meter, instruction manuals, and 20 SWANA CEUs.

Comprehensive Training

EPG Service School is a 4 day class where experienced specialists guide you from basic electrical and pumping concepts to advanced techniques for operation, troubleshooting, and maintenance of pumps & controls systems.

Practical Topics & Discussion

Learn why you need a good ground and how to achieve it. Understand the impact landfill gas can have on operations & equipment integrity and how to mitigate those effects. You'll also have an opportunity to exchange ideas and experiences with your peers!

Valuable Hands-On Time

Live control panels allow you to program level & flow meters and install & troubleshoot components. You will also tear down and rebuild electric and pneumatic pumps to help you gain an advantage when performing your duties in the field.
