In This Issue:

On-Demand Webinars - Quick Disconnects

EPG Guide Rail Systems and Pitless Adapters

EPG On-Demand Webinars

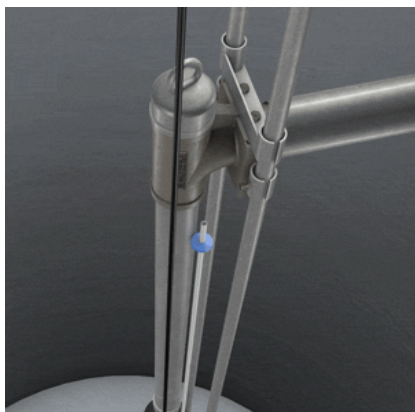

This Months On-Demand Webinar

Topic: [Quick Disconnects](#)

Length: [6:29](#)

In this short video we discuss EPG's liquid discharge disconnects & guide rail systems.

[Watch Webinar](#)

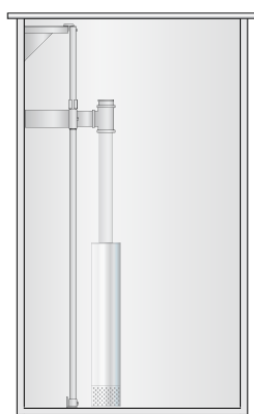

Product Highlight

Heavy Duty Guide Rail Disconnects

EPG's Heavy Duty Guide Rail Disconnects are constructed from high quality materials for long life and durability. Designed to be used with top discharge submersible pumps, they allow for easy connection and disconnection in most basin/sump applications.

[Learn More](#)

"NW" Series Disconnect Adapters

Also known as pitless adapters, EPG's very own NW Disconnect Adapters are designed to fasten through landfill risers or sump walls. Personnel can easily and safely connect or disconnect pumps without entering hazardous locations.

Through continued R & D and testing, EPG is able to bring improved guide rail system designs to market. Innovative features such as adjustable and pivoting brackets allow a tailored fit for each and every application challenge our customers face.

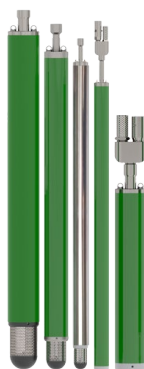

EPG can even help you design a guide rail system for other styles and types pumps as well! Give us a call at [1-800-443-7426](tel:1-800-443-7426) or email us at info@epgco.com for more information.

Quality | Price | Reliability

EPG offers a complete line of products and solutions for the landfill and environmental cleanup industries. From leachate pumps & controls and biogas flares to water & soil remediation solutions, EPG has the experience and the know-how to help you succeed!

**VP Series
Pneumatic Pumps**

**Solar-Spark
Passive Vent Flares**

**LTL Biogas
Portable Flares**

Industry Events

Nov 2-4 Colorado SWANA Conference (Cancelled!!)
Boulder, CO (The Reich Co. Exhibiting)

Dec 7-10 2020 WASTECON (Cancelled!)
Dallas, TX (EPG / Viridian America Exhibiting)
