

## EPG CONNECTION

Your Source for Environmental  
& Industrial Solutions

April 2022

Issue No. 141

### In This Issue: Discharge Adapters | Conference Schedule

#### Another Service School is in the Books!

We'd like to extend a huge "Thank You" to everyone who attended EPG's 2022 Service School. This class included industry personnel from Arizona, Colorado, Delaware, Florida, Georgia, Illinois, Michigan, Missouri, Nevada, North Carolina, Pennsylvania, Tennessee, Texas, Utah, Virginia, Wisconsin, and Saipan! You all represented your organizations and industry well. We hope to see more new faces next time!

## EPG Solutions

### Discharge Adapters, AKA Disconnect/ Pitless Adapters

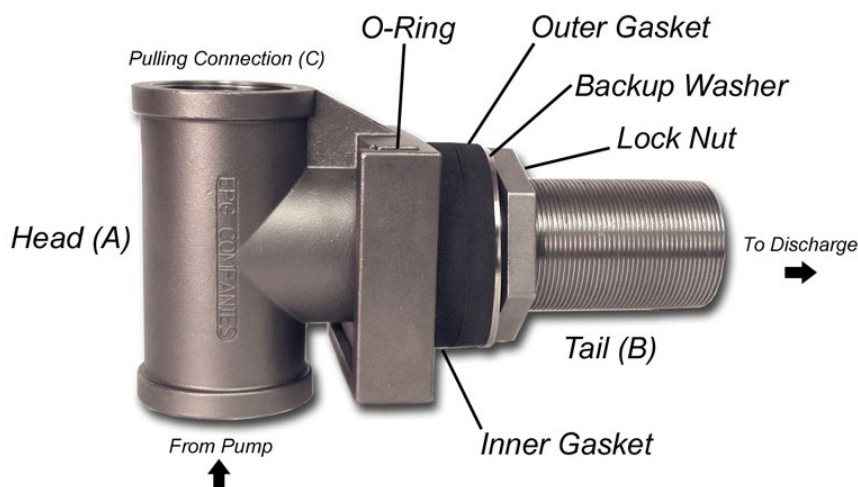

EPG's Pump Discharge Disconnect Adapters are designed for leachate, monitoring and remediation piping applications. The "NW" Series disconnect adapters fasten through a riser or sump wall.

Now personnel can easily and safely make or break pump discharge connections without entering hazardous locations.

### "NW" Series Disconnect Adapter Features

- Solid 316 or 304 Stainless Steel construction
- Tapered slide fittings and O-ring seals for liquid-tight slip joint sealing
- Designed for maximum service life and ease of maintenance
- Built in 90° elbow with blind top to accept threaded pipe to facilitate easy removal
- EPDM gaskets, washer and lock nut to make a gas tight seal on sump wall
- Extended length discharge allows adapter to fit through 0.25" to 4" wall thickness
- 1.5", 2", 3", 4", and 6" NPT sized fittings for pump, lift-out, and discharge pipes

Why risk relying on imitators or poorly welded makeshift designs? You can depend on genuine EPG adapters to perform worry-free, for years.

Through continued R & D and testing, EPG is able to bring improved guide rail system designs to market. Innovative features such as adjustable and pivoting brackets allow a tailored fit for each and every application challenge our customers face.

EPG can even help you design a guide rail system for other styles and types pumps as well! Give us a call at **1-800-443-7426** or email us at [info@epgco.com](mailto:info@epgco.com) for more information.

## EPG On-Demand Webinars

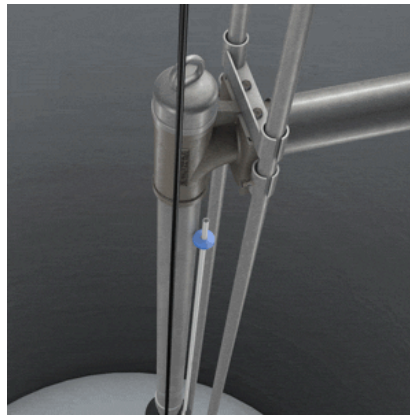

#### Featured On-Demand Webinar

Topic: [Quick Disconnects](#)

Length: [6:29](#)

In this short video we discuss EPG's liquid discharge disconnects & guide rail systems.

## Industry Events

*This list includes EPG and Sales Representative events.  
We will do our best to keep the list accurate when published.*

#### Apr 19-20 Great Plains Conference

Omaha, NE (The Reich Co. Exhibiting)

#### Apr 25-27 TxSWANA Conference

Lubbock, TX (The Reich Co. Exhibiting)

#### May 10-13 Environmental Show of the South

Chattanooga, TN (The Reich Co. Exhibiting - Represents EPG in TN & KY)

#### May 22-25 Federation of New York Solid Waste Associations

Bolton Landing, NY ( Lee Supply Co. Inc. Exhibiting)

#### July 10-12 Missouri Waste Control Coalition

Osage Beach, MO (The Reich Co. Exhibiting)

#### Aug 22-24 Wyoming SWANA & Recycling Conf.

Powell, WY (The Reich Co. Exhibiting)

#### Sept 20-23 Kansas SWANA Conference

Wichita, KS (The Reich Co. Exhibiting)
