Issue No. 146

## In This Issue: EPG and Landfill Gas Applications - A Good Fit!

### EPG Solutions

The EPG SurePump™ has been an integral part of thousands of landfill leachate extraction installations nationwide and around the world. Our expertise and commitment to partnering in the design and implementation of successful systems is unmatched.

So why not consider an EPG system for your next Landfill Gas project?

Demonstrated advantages of EPG SurePump electric pumps include:

- Less maintenance than air-operated pumps
- Low operating cost
- Very efficient
- Capable of higher flow rates
- Easy to measure and monitor flow rates
- Easy to monitor liquid level in sump or well
- No contamination of Landfill Gas in compressed air lines

### Multi-Stage Electric Pumps

For 25 years EPG has supplied pumps, controls, level sensors, and flow meters for gas condensate and gas well de-watering. That's 25 years to prove their reliability, safety, and cost effectiveness.

We have supplied pumps with flow rates from less than 1 GPM to well over 80 GPM used in wells, bore holes, and sumps of all diameters and depths. What can we supply for you?

### Pneumatic Pumps

If you require an air-powered solution, the Viridian America Pneumatic Pumps are another excellent choice for gas condensate management.

Benefits include:

- Lowest lifecycle cost
- Runs longer
- Cleans quicker
- Lasts Longer
- Easy to Disassemble and Reassemble
- Fewer replacement parts

### Biogas Flares

EPG also designs systems which incorporate LTL Biogas and Solar Spark Flares for the Solid Waste, Energy, and Environmental Industries.

Flare Solutions to assist in:

- Methane Recovery
- Fugitive Gas
- Residual Gas
- Gas Condensate
- Odor Control
- Green Initiatives

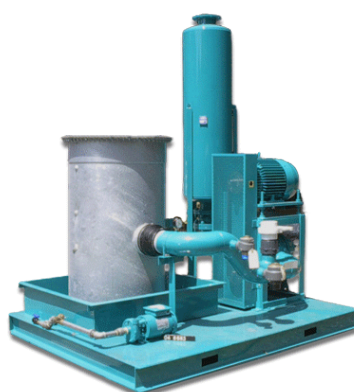

### Remediation Equipment

Maybe it's not methane recovery your dealing with. Perhaps you've got to deal with VOC's from disposal of hazardous materials. EPG's SVE systems (Soil Vapor Extraction) might be the answer.

We can offer SVE solutions for:

- Odor and noxious emissions control
- Accumulation of gas in on-site structures
- Air quality permit compliance
- Meeting emissions standards

Consult with an Applications Specialist at 1-800-443-7426 or email us at [info@epgco.com](mailto:info@epgco.com) for more information.

### Upcoming Events

*This list includes EPG and Sales Representative events.  
This information is subject to change.*

**Sep 20-22 SD and ND Joint Solid Waste Conf.**  
Spearfish, SD (EPG Exhibiting)

-

**Sept 20-23 Kansas SWANA Conference**  
Wichita, KS (The Reich Co. Exhibiting)

-

**Oct 11-13 Arkansas SWANA Conference**  
Rogers, AR (The Reich Co. Exhibiting)

-

**Oct 11-13 Colorado SWANA Chapter Conf.**  
Central City, CO (The Reich Co. Exhibiting)

-

**Oct 18-19 MN Water Resource Conf.**  
St. Paul, MN (EPG Exhibiting)

-

**Oct 26-28 Arizona SWANA Chapter Symposium**  
Phoenix, AZ (The Reich Co. Exhibiting)

-

**Nov 2-4 Nebraska Cornhusker SWANA Chapter Conf.**  
Kearney, NE (The Reich Co. Exhibiting)

-

**Oct 3-5 Iowa Recycling & Solid Waste Conf.**  
Bettendorf, IA (EPG Exhibiting)

-

**Dec 1-3 MN Assoc. of Watershed Districts Conf.**  
Alexandria, MN (EPG Exhibiting)

-

**Feb 22-24 Wis. Integrated Resource Mgmt. Conf.**  
Green Bay, WI (EPG Exhibiting)
